

Dear Newton City Councilors,

I'm writing to express my thoughts on the proposed development in Newton Upper Falls being put forward by Northland. I commend the development team for putting forward a project that seeks to prioritize the important urban planning principles of walkability, open green space, and mixed-uses that will foster a much more pedestrian friendly environment than what exists today.

Overall, I think this is a great project and I'm excited to see the final product. Thanks for considering my input.

Sincerely,

Amy Cobaugh
Newton Highlands
